

Machine Learning Notes

Theory, Practice, and Interview Review

Erdan Mu Alan

University of Pennsylvania

Contents

I	Foundations	1
II	Supervised Learning	2
III	Unsupervised Learning	3
IV	Deep Learning	4
V	Generative Models	5
VI	Large Language Models	6
VII	ML Engineering	7

Part I

Foundations

Part II

Supervised Learning

Part III

Unsupervised Learning

Part IV

Deep Learning

Part V

Generative Models

Part VI

Large Language Models

Part VII

ML Engineering
